

AWTOS (Auto Water Turn-Off System)

Quick Reference Guide

The quick reference guide is not all inclusive. For additional information please reach out to your Territory Manager.

KEY BENEFITS

- Water damage sub-limit removed
- 15% policy discount (maximum savings of \$300)

PRICE

- Package Includes:
 - Auto Water Shut-Off Valve (1)
 - Leak Sensors (3)
- Package Cost: \$299 (Retail value: \$599)
- Annual Monitoring Subscription: \$120

DEVICE INSTALLATION REQUIREMENTS

Once an AWTOS order is placed, the policyholder receives a Request For Information (RFI) email.

To ensure the policyholder receives the correct AWTOS model, we request the following information:

1. Main Water Line Pipe Size: Supported sizes range from ½" to 1½".

Please also ensure the following installation requirements are met:

1. Electrical Outlet: An outlet must be available near the installation site.

2. Wi-Fi Connection: The AWTOS device must always be connected to the Internet.

The insured has 30 days to provide required information, starting from the later of the purchase date or the policy effective date.

If the RFI is not returned within 30 days of policy inception, the order will be canceled.

The device requires a **licensed plumber** for installation. Receipt & photo of installation site must be submitted.

AVAILABLE STATES

- AL, FL, GA, MS, NC, SC, and TX
 - Orion180 Insurance Company (Surplus Lines) only.

THE AWTOS APP

The AWTOS app puts the homeowner in control.

1. Monitor water temperature, pressure, flow rate, total water consumption, and valve status.
2. When a leak is detected, the system automatically turns off your water and the app sends you an alert.
3. Access historical data.
4. Set additional alarms for high water usage, pressure changes, and temperature fluctuations.
5. Group sharing available.
6. Quick and simple setup via your home's Wi-Fi network.

HOW TO PURCHASE

- **New Quotes:** Select AWTOS on Coverages & Quote screen.
- **In-force Policies:** Purchase on the Savings and Smart Home Add-ons panel.
